AN AMERICAN TRADITION

We use...

SolarMax[®]

...For all nylon flags in this catalog.

A SUPERIOR NYLON FLAG FABRIC SECOND TO NONE

Strength. Durability. Visibility. SolarMax[®] fabrics are tough, durable, long-lasting and specifically designed for active outdoor use. SolarMax[®] fabrics exhibit tremendous strength retention under UV exposure as well as world-class tensile and tear strength. Because of its strength SolarMax[®] fabrics will increase overall performance. SolarMax[®] fabrics are highly resistant to UV fading, allowing the use of deeper, brighter colors that will last over time. In addition, SolarMax[®] fabrics offer better washfastness and lightfastness than other nylons of similar fabric construction, so they will retain their good looks long after the competition has called it the day.

SolarMax[®] is a registered trademark of INVISTA for UV resistant fibers and fabrics.
