010284	WILL HOLD TWO COMPLETE SETS	20.00	6.0

Typically, indoor flag sets are shipped in two cartons as standard. One carton for the pole and one carton for all of the other components. We now offer a box that will accommodate either one or two complete sets. You may add the pricing at the left to any flag set that has a 7' or 8' pole and we will pre-package your set or sets and ship as one unit. Any of our flags including State, Foreign, Military or Custom can be substituted for any flag that is supplied with our standard sets; contact us for a prompt quotation. Please note that the photographs above show the accessories unwrapped. For added protection all of the accessories are either additionally boxed or wrapped in heavy-duty Kraft shipping paper before being packaged in the Flag Set Box.
